

Engine Block with Heads

Any stripped engine block, Iron or Aluminum. This is the most basic form of an engine sale. This item includes the internal engine parts, the block and heads.

Includes:

● Block	● Heads	● Oil Pan (punched)
● Timing Cover	● Sensors in block	

Does not include:

● Intake Manifold	● Exhaust Manifold	● Oil Pump
● Water Pump	● Turbo	● Exterior bolted Accessory

Engine Block Without Heads

Is the same as the above package but the block only. No heads.

Additional guidelines for all packages

- All oil pans are punched with a hole. No discounts.
- If a motor is missing a named accessory, the customer may pull the missing part from another vehicle, and it can be included in the package.
- No discounts are given for missing parts or incomplete packages.
- No discount for damaged components in any package.
- Wiring harness is not included in any package.
- Exceptions will only be for situations where it would be impossible, damage the part or take considerable effort to separate a specific part due to the way it is assembled.
 - For example: Cadillac NorthStar starters are under the intake. Some water pumps are built into the timing covers.
 - We will only make exceptions for these or similar circumstances.

Engine Without Accessories

This is a complete engine without the accessory parts.

Includes:

● Block	● Heads	● Spark Plugs / Wires
● Intake Manifold	● Fuel Injectors	● Water Pump
● Coils/Coil Packs	● Valve Coves	● Timing Cover
● Oil Pan (Punched)	● Harmonic Balancer	● Flywheel
● All Internal Parts	● Sensors in Block	● Exhaust Manifolds

Does not include:

● Alternator	● Starter	● A/C Compressor
● Belts	● Accessory Brackets	● Turbo
● Engine Mounts	● Catalytic Converter	● Wiring Harness
● Intake Tube	● Mass Air Sensor	● Air Box
